

EDWARD

STRUTTURA DIVANO

La struttura è realizzata in pannello di stratificato di fibra di legno dura e particelle di agglomerato con fori di areazione.

IMBOTTITURE

Le imbottiture della seduta sono realizzate a densità differenziata in poliuretano espanso densità 50 kg/mc “ecolife” e densità 30 kg/mc rivestito da una fodera in policotone da 350 gr. Cuscini schienale realizzati in poliuretano espanso densità 18 kg/mc rivestito da una fodera in cotone canalizzata e misto piuma.

RIVESTIMENTO

Edward può essere rivestito in tessuto e pelle, ed è interamente sfoderabile.

Il modello Edward è realizzato in versione fissa o componibile.

SOFA STRUCTURE

The structure is made of hard wood fiber laminated panel and particleboard with ventilation holes.

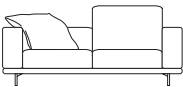

PADDING

The seat cushions are made of differentiated density expanded polyurethane: 50 kg/m³ density “ecolife” and 30 kg/m³ density, covered with a 350 g polycotton lining. The backrest cushions are made of 18 kg/m³ density expanded polyurethane, covered with a channeled cotton lining and feather blend.

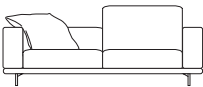

UPHOLSTERY

Edward can be upholstered in fabric and leather, and is entirely removable.

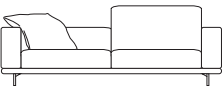

The Edward model is available in fixed or modular versions.
